

Domain	Descriptors	Scores
1. Additional Degrees and qualifications	I have a primary medical qualification or MD linked to Primary medical qualification	0
	I have an additional degree to my primary medical degree or an intercalated degree that did not prolong my medical course	1
	I have a 2.2 or 3 rd class intercalated BSc (or BA or similar/higher that prolonged the conventional 5 years medical course OR I have a 2.2 or 3 rd BSc prior to starting medicine in a science related subject OR I have an additional degree in a non-science related subject	2
	I have First class BSc or 2.1 BSc (or similar/higher) prior to starting medicine in a science related subject OR a first class or 2.1 intercalated BSc (or BA or similar/higher degree) prolonging the duration of my medical studies beyond the conventional 5 years OR a postgraduate diploma in the relevant field OR Part 1 of a Postgraduate exam e.g MRCP/FRCEM etc	3
	I have an additional full post graduate exam e.g MRCP/ FRCEM etc OR I have a postgraduate MSc or equivalent OR masters	4
	I have a PhD or Postgraduate MD - 2-year original research in a subject not relevant to medicine	5
	I have a PhD or Postgraduate MD - 2-year original research in a subject related to medicine	6
2. Additional Achievements Prizes and Awards relative to medicine	I have no additional awards	0
	I was awarded a prize in my undergraduate medical training for exceptional performance OR awarded a MERIT for my overall degree (top 25% of cohort)	1
	I was awarded an honours/distinction (or equivalent, signifying top 10% of cohort) for my Primary Undergraduate Medical Degree (i.e., exceptional standard/performance for overall degree)	2
	I have a prize awarded at post graduate level awarded by a regional medical organisation	3
	I have a prize awarded at postgraduate level by a National or International medical organisation	4

Domain	Descriptors	Scores
3. Postgraduate clinical experience in other specialties (excluding Foundation Programmes, Anaesthesia, research and teaching) <ul style="list-style-type: none"> Complementary specialty to be defined in guidance Up to 1 year of adult ICM can be included 	No experience in a Complementary Specialty by time of appointment	0
	At least 5 months experience in Complementary Specialties by time of appointment, without evidence of achievement of all expected outcomes, anywhere in the world	1
	5 to 12 months experience in an appropriate/relevant Complementary Specialty by the time of appointment, with evidence of achievement of all expected outcomes, anywhere in the world	2
	More than 36 months in Complementary Specialties by time of appointment, with evidence of achievement of all expected outcomes, anywhere in the world	2
	13 to 24 months experience in an appropriate/relevant Complementary Specialty by the time of appointment, with evidence of achievement of all expected outcomes, anywhere in the world	3
	24 to 36 months experience in an appropriate/relevant Complementary Specialty by the time of appointment, with evidence of achievement of all expected outcomes, anywhere in the world	4
4. Quality Improvement - can include audit as a tool to demonstrate QI work in this section Do not include activity from an additional degree course	I have not participated in Quality Improvement learning events or projects	0
	I have taken part in other people's postgraduate (non anaesthetic) audits OR Quality Improvement projects, (i.e., data collection or made other minor contributions, but not led or designed the project) OR I have completed bronze level QI or equivalent	1
	I have made a significant contribution to Quality Improvement work since commencing my core or stage 1 anaesthetic training OR equivalent This includes codesigning or joint leading a quality improvement project at my hospital and making recommendations for changes to practice based on findings OR closing the audit loop - one project per completed training year and presented locally	2
	I have made a significant contribution to audit projects or Quality Improvement work as a postgraduate. This includes managing an audit OR quality improvement project and making recommendations for changes to practice based on audit findings OR closing the audit loop - one per completed training year and presented at a regional meeting	3
	I have made a significant contribution to more than one quality Improvement project since commencing my anaesthetics training. All projects include making recommendations to change practice based on findings OR closing the audit loop - with one project presented at a national or international meeting	4
	I have made a significant contribution to Quality Improvement work since commencing my anaesthetics training. This includes designing, leading and managing a quality improvement project and implementing changes to practice based on audit findings and closing the audit loop. I have presented more than one project at a national or international meeting	5

Domain	Descriptors	Scores
5. Research (excluding that completed during a PhD course or an undergraduate BSc scored in domain 1)	I have not been involved in research	0
	I have been involved with recruitment of participants to research projects OR assisted with data collection as an undergraduate or postgraduate	1
	I have had a commitment to research as a co-investigator OR recruited a significant number of patients during the period of study.	2
	I have had personal and direct involvement leading planning OR running a postgraduate research project prior to anaesthetic training.	3
	I have had personal and direct involvement leading planning OR running a postgraduate research project since starting anaesthetic training.	4
	Significant involvement in research (e.g. two-year MD with original research) OR Chief Investigator of a peer review grant funded multicentre research project	5
6. Teaching	I have not contributed to formal teaching	0
	I have some experience in formal teaching Health Professionals OR I have some experience of formal teaching Health-related topics to a non-medical audience OR I have attended a Teaching the Teachers course, Generic Instructors course or similar.	1
	I have made a major contribution to a local teaching programme including developing/organising a programme. OR I have instructed on e.g., an ALS /ATLS course	2
	I have obtained a Postgraduate Certificate in education/teaching	3
	I have made a major contribution to a regional OR national teaching programme including developing/organising a programme as a postgraduate.	4
	I have made a major contribution to a regional or national teaching programme including developing/organising a programme during my anaesthetic training. OR I have obtained a Postgraduate Diploma in education/teaching	5
	I have undertaken a major dissertation and been awarded a Masters in Medical/Clinical Education	6

Domain	Descriptors	Scores
7. Academic Publications as a postgraduate (to include book chapters)	I have not published anything	0
	I have published one or more case reports, abstracts, letters or articles (including e-publications)	1
	I am co-author of one peer-reviewed publication OR I am first author of a peer-reviewed case report	2
	I am co-author of more than one peer-reviewed publication OR I am first author of more than one peer-reviewed case report (or combination of the two)	3
	I am first author of one peer-reviewed publication	4
	I am first author of more than one peer-reviewed publication	5
8. Presentations and Poster Presentations (see exclusions in applicant guidance)	I have made no presentations nor shown any posters	0
	I have made a local/departmental presentation on one occasion at any time during postgraduate training	1
	I have presented at a local/departmental meeting on more than one occasion at any time during postgraduate training	2
	I have presented at a local meeting on more than one occasion since commencing anaesthetic training	3
	I have presented at a regional, national or international meeting at any time during postgraduate training	4
	I have presented at a national or international meeting since commencing anaesthetic training	5
	I have presented at more than one national or international meeting since commencing anaesthetic training	6
9. Training courses & conferences related to anaesthesia (of at least 1 day duration and current at the time of interview and within the last 5 years.) DOES NOT INCLUDE REVISION COURSES	No courses or conferences attended	0
	1 course or conference attended at any time during postgraduate training	1
	2 courses and/or conference attended at any time during postgraduate training	2
	3 or more courses and/or conferences attended at any time during postgraduate training	3
	3 courses and/or conferences attended, 2 of which attended since commencing anaesthetic training	4
	3 or more courses and/or conferences attended since commencing anaesthetic training	5

Domain	Descriptors	Scores
10. Activities demonstrating leadership and/ or management inside or outside of work Leadership during school years will not be counted in this section	I have not been involved in significant activities outside of medicine and I have not had opportunity to demonstrate leadership within my medical career to date	0
	I am an active member of a group, club or organisation promoting recreation, charity, community activities etc. and/OR I have demonstrated leadership as part of a small team within my hospital(s) and / or I demonstrate significant time management outside of work	1
	I can demonstrate significant leadership or management as an undergraduate locally or nationally inside or outside of medicine	2
	I can demonstrate significant leadership or management as a postgraduate locally or regionally inside or outside of medicine and/OR including partaking in clinical leadership fellow post	3
	I can demonstrate a national or international commitment to leadership or management inside or outside of medicine such as expedition leadership D of E leader and/OR I sit/sat as trainee representative at a national committee/working party OR I have significant responsibility within e.g BMA, GMC, RCoA	4
