

Global Rating Score: Portfolio

*This score relates to an **assessor’s professional judgement** of the **overall performance** of the applicant at a particular station. A score of 1 in this domain should be discussed between both assessors at that station and the convener of the selection centre, to decide whether performance was so unsatisfactory that the applicant should be vetoed on this performance alone.*

Assessors should consider the candidate’s achievements / performance to date & presentation of evidence regarding: Achievement of milestones / career progression, evidence of self-awareness / reflective practice, insight into anaesthesia, commitment to specialty, organisation & planning and achievements outside medicine.
